Fourth of Goal Subscribed in C. of C. Drive

Directors Believe
Goal in Campaign
Will be Reached

With the rush of Desert Circus activities and the height of the winter season drawing to a close, Chamber of Commerce directors are concentrating on the Visitors' Center and Chamber of Commerce building fund campaign.

The directors decided the campaign had been so enthusiastically received that they would continue the drive which had been conducted by Lloyd A. Wilson of San Francisco. Many of the members felt they were unable to study the Visitors' Center proposal thoroughly during the first two weeks of the drive. Now, after careful study, they are realizing its merits, backing the program financially and joining in the actual campaign work soliciting fellow members' assistance.

More than one-fourth of the \$30,000 goal has been deposited in the special trust building account as the result of the first two weeks' work of the drive and the directors feel confident of attainment of the Visitors' Center goal.

AN ILLUSTRATION of the excellent reception of the drive is a letter from a Los Angeles purveyor, Virg Davidson-Chudacoff company, in which Davidson wrote: "We are interested in the promotion of Palm Springs and always have been." This statement was materially backed by a check in the amount of \$150. A beautiful Visitors' Center float was entered in the 17th annual Desert Circus parade to focus public attention on the program now successfully underway. The float, "Our Favorite Queen—The Visitor," featured a huge, 12 feet by 8 feet, mahogany veneer board which displayed the names of Chamber members with confidence in the past and future work of the Chamber.

Brown Paper

To be Eliminated
in Display Contest

Merchants division of the Chamber of Commerce is planning to sponsor another window display contest this Summer, it was announced Monday.

Prizes will be offered for the two best window displays left by merchants when they close for the Summer.

The contest is staged in a move to eliminate the "brown paper" season formerly prevalent and to substitute attractive displays during the period the stores are not in operation.

It will be the fourth year the contest is staged.

Whenever stuck without a verse
There's always one mainstay.
You guessed it, Chum, for here
we go.
You should stay here through
May.

And that's only seven days off
... June's nice, too ... It used
to be that April always came up
with a three-digit maximum or
two but it hasn't happened since
1950 ... But don't take my word
for it—stick around. (If you
don't like the above you don't
need to read it.)

WELL, IT'S ALL OVER but the memories linger on. The 17th annual Desert Circus was highly successful from all angles ... The parade was one of the best ever although the sidewalk crowds may not have been as deep ... Marvin Miles in the L.A. Times caught the real spirit of the parade in his story, one of the best outside coverage of the event I've read in a long time ... "Not as spectacular as the Tournament of Roses, of course, but it had that friendly spirit ... typical of Palm Springs" was the gist of his comments ... Every event had its enthusiastic crowds and every event was a success ... Now to get ready for the 18th annual Desert Circus.

BAND UNIFORM FUND—Palm Springs high school band uniform fund was up \$100 as a result of Saturday's parade. Harold Hicks, second from right, of the Palm Springs Water company, which sponsored their entry presents Charles Martin, left, Gustave Patzner, band director, and Gary Hammond with a check in appreciation of their efforts.

90 MPH Chase Ends in Capture of Young Driver

A 23-minute chase at speeds ranging from 80 to 90 miles per hour yesterday afternoon led to a Palm Springs youth being charged with reckless driving after he was finally stopped in Desert Hot Springs.

Officer Alex Budsey was the police officer involved, and assistance was being rushed from Palm Springs and Indio, and road blocks were set up in the latter city at the time the car was stopped.

BUDSEY REPORTED that he first noticed the offender's car traveling on Indian avenue, about 10 miles above the speed limit, and the youth was also "wrapping up the pipes on his car," causing unnecessary noise. In an effort to warn the boy about this, Budsey drew close to the car and sounded his horn as a signal to stop. The driver then picked up speed, so the officer turned on his "red, flashing lights" and the youth also ignored this and continued even faster.

THE CHASE CONTINUED to Desert Hot Springs, with Budsey following only close enough to keep the car in view until help arrived. The youth traveled through the streets of Desert Hot Springs in an effort to lose the officer but was unable to do so and the stop was made 23 minutes after the chase began.

Budsey reported that the youth's car almost overturned twice in Desert Hot Springs while he was racing through the streets there.

The driver of the car and his four companions, also juveniles, were turned over to the custody of their parents when they were returned to Palm Springs. The driver has a court appearance scheduled in the near future.

DON'T FORGET—SUN
TIME NEXT SUNDAY
Don't forget to set your watch ahead one hour Saturday night upon calling it a day.
For at 2 a. m. Sunday, time changes, California, along with many other states, will go on daylight time schedule.
There will be a lost hour between 2 and 3 a. m. for at 2 a. m. it will immediately become 3 a. m.
The change will mean revision of railroad and airplane schedules and other time changes.

End Chest Drive Short of Quota

Palm Springs' Community Chest fund drive ended officially Wednesday with a deficit of approximately \$11,000, \$30,022.50 of the \$41,000 quota for the six participating agencies being raised.

President William Smith still expressed optimism that the remainder might be secured, as donations are being received daily. Although the drive is officially over and the office in The Center closed, contributions may still be mailed to Community Chest, Post Office Box 11, he stated.

He expressed his appreciation to everyone who aided with the drive, and those who contributed. Agencies which participate in the Community Chest are Boy Scouts, Girl Scouts, Desert Museum, Boys Club, Youth Center, and Welfare and Friendly Aid society.

HIGH SCHOOL TO STAGE MUSIC EVENT TUESDAY

Palm Springs high school band uniform fund was up \$100 today as result of last Saturday's Desert Circus parade. Harold Hicks of the Palm Springs Water company which annually sponsors the appearance of the local band in the parade went down to the high school Monday and presented a check for \$100 to the fund.

Previously gifts of citizens and others had boosted the fund to \$480. Gustave Patzner whose direction has made a fine organization out of the band, was highly pleased with the contribution and says the fund is making excellent progress. On the other hand, Hicks was highly pleased with the performance of the band and said so in words as well as the water company's check.

Next Tuesday the band will stage its fifth annual Music Festival in the high school gymnasium at 8 p. m. The festival is part of the high school's observance of Public School week. Besides the band numbers there will be several soloists and other combinations. Nellie Coffman Junior high chorus and band will also appear on the program.

Patzner will direct the young musicians who have won a big name for themselves. The public is invited and there is no admission charge.

LOCAL SCHOOL DISTRICT RANKS HIGH IN STATE

Palm Springs Unified school district ranks high compared with schools of comparable size in teaching personnel, amount of money expended for education, and pupil success, according to a recent survey, Dr. Arthur G. Hoff, schools superintendent reported today.

The district ranks high in the quality of its teaching personnel in regard to stability, professional education, professional improvement, experience and pupil-teacher load.

THE STABILITY of the staff is excellent compared to districts of similar size, Dr. Hoff said. Fifty out of 80, or five-eighths of the certificated persons are on permanent status. During the past four years, the average turnover has been 10 per cent. Forty-three teachers or 53 per cent own their homes here.

Regarding professional education, 40 teachers have one year or more of graduate work, 15 possess a master's degree or more, and seven have a master's degree plus one year to their credit. The administrative and supervisory staff average a master's degree plus one and one-fourth years of training.

DURING THE PAST four years an average of 36 per cent of the certificated personnel attended Summer school or took additional courses each year. Average number of years' experience possessed by certificated personnel is 14.

An attempt is being made to keep the pupil-teacher load small enough to maintain high efficiency in the classroom, Dr. Hoff said. Here, the pupil-teacher load is slightly lower than average in the state for elementary and high school. In grades kindergarten through eighth, the local was 27.3 compared to the state's 33, and in the four-year

NEW CITY HALL
Defer Action on
Site Until Fall
City council and City planning commission at a joint meeting Tuesday agreed to defer further action on selection of a city hall site and new building until the Fall season, when Villagers have returned from their summer vacations.

It was pointed out that many persons have already left to return to their summer residences, and many more would leave before public hearings could be scheduled.

The two groups asked for recommendations from residents on possible locations.

HOTEL, APARTMENT
INFORMATION ASKED
"What hotels or apartment houses will remain open throughout the Summer months?" That question is being asked repeatedly of the Desert Sun by persons residing outside of Palm Springs obviously with the idea of visiting the Village during June, July and August.

In order to answer this and other questions intelligently The Desert Sun is now asking that hotel and apartment house owners and operators report their intentions to this publication as soon as possible. Letters or postcards should contain the name of the establishment, type of accommodations, swimming pool (or not) and the cost of rentals.

The Desert Sun plans to write a story regarding this type of Summer operation.

Desert Circus 'In the Black' Say Leaders

Entertaining Event
Also a Financial
Success, Report

Palm Springs' 17th annual Desert Circus closed Sunday evening with a unanimous expression from Villagers and visitors alike that it was one of the most interesting and entertaining ever held.

And preliminary reports indicate that it was a financial success as well—for the first time in several years.

The official program closed with the Los Compadres sponsored Wild West show at the Polo Grounds, which lived up to its advance billing as one of the most outstanding ever arranged. It attracted a large crowd of spectators.

The War Memorial Building and the street outside both were packed Saturday evening, with the dance and carnival acclaimed as an ideal night of entertainment.

The pictorial story of all Circus events continues in this issue of The Desert Sun, appearing on Page 1-B. A complete page of pictures also appeared in Monday's Desert Sun.

ISSUE WARNING ON PALM TREE FIRES

Fire Marshal Warren Heath issued a warning to Villagers to be on the look-out for vandals who fire palm trees. He said that there had been several palm tree fires recently and in most cases, the fires appeared to have been set.

To prevent an epidemic of palm tree fires, Heath asked Villagers to report any suspicious circumstances to either the police or fire departments, giving the location. Speed, he said, is essential in halting the vandalism.

Village Far Below Blood Bank Quota

Thirteen pints of blood were donated at the monthly visit of the San Bernardino-Riverside two-county Blood Bank at Desert Hospital Monday. Administrator Robert Henwood reported.

This was far below the quota of 25 pints for the second consecutive month, and Henwood termed the turnout "disappointing."

Henwood said that there will only be two more visits this season, in May and June, and then the service will be resumed again in the Fall.

Rainfall for Season Now 7.46 Inches

Rainfall this season reached the 7.46 inch mark, with .5 of an inch being recorded in the storm Monday night, observers at the official station at Fire Station No. 2 reported.

This was the first rainfall here since March 1.

Jewel Box Rifled

Mrs. Betty Reissman, 503 Calle Pardo Fierro, reported to police Tuesday that her jewelry box had been rifled, and a diamond ring valued at \$1500 and other articles of jewelry taken.

Equip Village Theater to Show 3-D-Films this Fall

Earle Strebe of the Strebe Theatres Tuesday said that the Village theatre will continue to operate throughout the summer with the Kiddie Matinee being shown there Saturdays at 1:15 p. m.

The theatres will open at 5:45 until Sunday when daylight time goes into effect. After that, they will open at 6:45 p. m.

Emma Keeps Herself, Also Bob Howard, Cool During Long Desert Circus Parade

Emma, the 37-year-old, 9,000-pound elephant ridden by Bob Howard in the Circus parade, is a thirsty animal.

Before the parade she drank more than 40 gallons of water at one session but that wasn't enough. Shortly thereafter she seized a water faucet at her quarters in the Desert Inn stables and ripped up considerable footage of underground pipe. She then drank more huge quantities and bathed in the resultant geysers.

But that wasn't all. Bob Howard said that elephants must have a 100-gallon auxiliary tank. Howard said that Emma sprayed at least that much on him as he sat on her head during the parade.

She did her best to keep me cool, he said. Emma frequently thrust her trunk down her mouth and withdrew the equivalent of a bucket of water which she sprayed over him during the course of the march.

"She was the hit of the 'greatest show on earth' and she also had the greatest thirst," Howard said.

Service District Wins Easily in Palm Desert Vote

Palm Desert voters Tuesday voted overwhelmingly for a proposal to form a Palm Desert Community Services district to supply water, sanitation, garbage service, swimming pools and recreational buildings.

Out of the 284 voters who went to the polls in the last gubernatorial election, 103 cast their ballots Tuesday and the measure was passed by a 98-4 majority. One ballot was not marked on the district issue.

The voters also elected H. O. Davis, Mrs. Lorna Little and Floyd Mitchell to serve as a board of directors for the new district.

It will be necessary to hold another election for a \$150,000 bond issue to finance the district.

This election will probably be held some time during the Summer, according to Tuesday's election inspector, Mrs. James Easley.

The boundaries of the proposed district are those of the Palm Village Water company. One of the purposes of the district will be to purchase the water company and establish a public water system.

Museum

Naming of a director of the Desert Museum to succeed Lloyd Mason Smith who resigned effective April 30, will not be done until some time in May, President Winfield H. Line reported today.

More than 40 applications for the position have been received and additional persons are applying daily, he said.

Included in the applications is one from Paris, France.

Supervisors to Tour Palm Canyon Area

Officials Coming
Tuesday to Look
Over Situation

County supervisors next Tuesday will come to Palm Springs to tour Palm Canyon for an on-the-ground study of flood control problems in that area. Decision was made Monday by the board after hearing from H. L. Thompson, Riverside attorney for several property owners in the possible path of floods to make the trip.

Thompson said the problem has been serious for a long period and has now become critical.

THE CANYON, he told supervisors, can expect flash floods during the "next four or five months." And he said: "We are in desperate straits now. Thompson's clients own much property which could be wiped out entirely."

It was a disagreement over planning for the canyon's flood control that led recently to the resignation of County Flood Control Engineer N. B. Smith, who is now director of public works for South Gate.

FLOOD CONTROL Zone Commissioner W. E. Hilkey and Consulting Engineer Fred Cronholm have advocated a plan radically different from the one proposed by Smith.

Thompson urged the supervisors to forget past unpleasantness and give Cronholm an audience. He, too, is to be present April 28. Others invited are Hilkey and other Palm Springs zone commissioners and the directors of the Coachella Valley County Water District.

THOMPSON'S CHIEF CLIENT has been Mrs. Pearl McManus, owner of much of a square mile of land east of Palm Canyon Creek channel where it crosses Araby Point. Thompson's clients will be hosts at a luncheon-discussion at the Tennis club that will start the day after the trip.

The PUBLISHER'S Corner by OLIVER B. JAYNES

EVERY BUSINESSMAN and business property owner --- and the professional people also --- should support the Chamber of Commerce whether they think the Chamber is doing a good job or not. And here's why:

The fifteen men who direct the activities of the Chamber are representative business and professional men of the community.

They are taking much time from their own businesses or professions to serve on the board of this important community activity. They are capable men. They believe in the importance of the success of this community agency or they would not be serving on its board of directors. They know how much the Chamber is contributing to the prosperity and progress of Palm Springs.

Having served on the board for many years, I know how much the Chamber of Commerce has done and is doing for this entire desert resort area. I realize also how few people, who are not so close to the picture, know of the many activities of the Chamber which benefits all who engage in a business or profession here.

Now it is an extra task of the directors to ask their fellow business and professional men and women to assist in the financial program. These men have adopted a budget which they consider wise and necessary. You may or may not agree. But you have not had the benefit of lengthy discussions pro and con on the various items.

So we suggest that you take their word for it whether or not you agree ... on the assumption that you would likely agree if you were close enough to the picture. Is it too much to ask? We think not.

The response to this year's Chamber fund solicitation has been disappointing. Those who have subscribed in most cases have been generous. Many have not responded at all. If you have not made your contribution, think it over --- and we believe that you will share in the appeal for voluntary support of the Palm Springs Chamber of Commerce.

IF YOU HAVEN'T SEEN the Ramona Outdoor Play you have missed a rare treat. Staged around a typical hacienda in a natural setting of granite boulders, the Indian pageant portrays a tragic page from California's colorful early history. The love

**Liquor Sales Stop

**New Zoning Ordinance is
Submitted to City Council**

Planning Commission submitted its new zoning ordinance to council Wednesday evening, with only minor changes from the original proposal.

Planning Director W. G. Roessler told council that general approval had been given the new ordinance at both public hearings, and from persons contacted, who would be affected.

CHANGES WHICH have brought the greatest response from Villagers are:

Re-zoning the C-R district (combination residence and commercial) located on North Palm Canyon drive, from Vista Chino to Yorba road, to C-1 or retail commercial, with the proviso that the minimum floor area per commercial building be 2000 square feet.

Establishment of industrial performance standards and standards of design, which require retroactively the establishment of greenbelts, muffling of noise, control of odor, dust and similar nuisances for industrial and certain commercial establishments. These include provision for establishment of solid walls to surround service stations and repair garages, parking lots and storage yards.

AUTHORIZES DRIVE-IN restaurants in all commercial districts subject to distance requirements from residential districts, established in a manner similar to the distance requirements presently enforced for service stations. Drive-in restaurants are also subject to conditional permits and design control.

Establishment of a transition feature for the one-family district, where two-family residences may be erected in the R-1 district when they face or adjoin lesser restrictive districts. Before any of these are granted, three public hearings are required.

Establishment of a permanent board of zoning adjustment to consist of three members appointed by city council. This board would have the authority to grant or deny applications for variances from the regulations and restrictions of the new ordinance, and is also a board of appeal from all decisions of the planning director, the building inspector or any other officer of the city concerning zoning administration. All decisions of the board are final.

**Water Works
Convention Here**

Deep Well guest ranch will be the site tomorrow for a convention which will bring approximately 400 persons to the Village.

It is the gathering of the American Water Works association and reservations have been made for a two-day meeting. Many of the delegates are planning to stay for a longer period.

Harold Hicks is the local member.

story of Ramona and Alessandro tugs at the heartstrings as this dramatization of the book by Helen Hunt Jackson is unfolded in a most realistic fashion. Woven into the story are gay fiesta dances, posse chases through rugged canyons and a dramatic portrayal of Indian craftiness that is breath-taking. The cast of 350 fit so naturally into the setting and the acoustics of the bowl are so good that the play is startlingly realistic.

This year marks the 26th renewal of the famed pageant which is sponsored by the communities of Hemet and San Jacinto. Gov. and Mrs. Warren attended the opening performance last Saturday afternoon for the fifth consecutive year. The Play will be repeated Saturday and Sunday and the following Saturday and Sunday, May 2 and 3. Hemet may be reached either over the Palms to Pine highway from Palm Desert or through Banning and Beaumont.

Many have gone back to see the play several times; some go every year. The leading characters have changed with the years; the supporting cast is made up of townspeople from Hemet and San Jacinto. Dorothy Bailey plays the lead of Ramona this year for the third season and always gives an excellent performance. Maurice Jara is new in the role of Alessandro and a product of the Padua Hills Theatre. He was given a standing ovation at his initial performance last Saturday.

It is usually pretty warm there this time of year so light clothing is recommended. Have a coat in the car for the return trip however. Children will enjoy the play as well as their parents and it gives them a glimpse of the early life in California as nothing else could.

He said they'd have to close at 1 a. m. because of Daylight time . . . At 1 a. m.

it will still be 1 a. m. . . . The time doesn't change until 2 a. m. . . . But he's the boss being head of the state board of equalization and besides at that time I'll have been abed for some hours.

DAYLIGHT TIME will bring some confusion at first . . . It always does . . . Sunday's popular radio programs will come on an hour earlier in some cases . . . On the same hour in others . . . Plastex Siding Answer to Desert Building Problem

Announcement of a new all-weather plastic siding—Plastex—is arousing much interest among desert area builders and home owners who previously had counted siding as a prime problem in reconstruction and maintenance.

The new plastic, inter-locking siding is reported to be crack-proof, damp-proof, fire resistant, paint-proof, and retains its shape and color permanently.

Firestone Construction company, 349 North LaCienega, Los Angeles, has been named exclusive distributor for 11 Western states by the manufacturer in Akron, Ohio.

W. J. Gluckman, president of Firestone, reports that Plastex does away with painting and patching for good—welcome news to desert residents.

Five More Enter Soap Box Derby

Five more entries are assured in the 1953 Soap Box Derby in Palm Springs as representatives of each of the five dens of the Cub Scout Pack will compete in the district meet at San Bernardino July 11.

The Derby is co-sponsored by The Desert Sun and Stack Chevrolet.

First entry in the Derby was Jimmy Jackson Jr., Desert Hot Springs, son of the noted racer driver, Jimmy Jackson Sr. His car is sponsored by the Pennzoil company.

JIMMY MORTON, Cubmaster, has arranged that each Den build a racer, and then at an all-day picnic scheduled for May 17, each Cub will be given a chance to drive the racer. The one who is judged the best driver will represent his Den at San Bernardino.

Joe Berta is assisting Morton with the program.

The Cubs, besides holding their elimination test and picnic, will also present their annual pet show on that date. Bill Shay of Puss and Boots Cat and Dog Food, will donate all prizes, including a plaque to the first place winner.

ALL VILLAGE YOUTHS 11 to 15 years of age are eligible to enter the third annual Derby conducted here, and are asked to contact Derby Chairman Brean Patrick at Stack Chevrolet as soon as possible. The boys are requested to have their parents accompany them when they officially register.

An official Derby sweater will be given each boy who registers.

Tamarisk Tee Time

By Bobby Tonge, Jr.

The Tamarisk club, having put the tournament season away with the \$5000 P.O. Amateur and the \$3000 Open for women with the Weatherwax, set the date for the summer to getting ready for next season. Clubhouse building, improving the course and other work was being put on the schedule for a bigger and better season next year.

The visiting girls are hoping for a return visit next year and proclaimed the hospitality extended to them was unsurpassed.

Mrs. Helen Lengfeld, editor of Golf Life, did an excellent job starting and scoring the 36 hole event which was highlighted by a cocktail party by club members.

Jackie Pung, the Honolulu flash who has created much of a sensation since coming to the United States, set up a new 36-hole record with her 145. And there are those who contend that she will become one of our great women golfers. Some even venture to say she will approach the mark set by the great Babe Driksen Zaharias.

Mrs. Alice Bauer Hagge and Louise Suggs are now co-holders of the women's course record with two under men's par 70.

Party Berg, suffering an infected foot from a blister between her toes, was advised not to play her last round by Dr. William McBride. However, she did and came through with a brilliant one under men's par 71.

As for the men's pro-amateur, the professionals had field day around the club for the three days. Every one to the man, was eager to the event placed on the regular PGA schedule.

However, they did express the desire of having it played earlier in the season, either before Christmas or shortly after the Los Angeles Open.

Spec Hammond did valiant duty as a starter and scoreboard official. He was forced into the extra duties upon the sudden attack of Boulder Young.

Young was stricken with intestinal bleeding and had to be hospitalized immediately. He was later taken to a Los Angeles hospital for observation.

The tournament marked the return of Smiley Cup. The former U.S. Walker Cup and National Public Links champion, long a familiar tournament winner here in the Southland, has been out of action in tournament play for some time.

Unattached and having had a fling at the circuit, he has just been playing Southland courses hoping to develop his game for another fling at the circuit.

He had the local tennis professional, John Faunce, E. E. Moss and Cliff McKelvey as his partners in crime.

Elsworth Vines of the Wilshire C.C. was complaining of his putting, but Quick and practically all the others were too. They were putting okay, but those greens were quite a problem for them.

Then, too, Greenskeeper Paul Adessi didn't favor the boys in placing the pins. In fact, he had them placed in some choice spots that would make the boys have to play their best game to score better.

He did such a good job that Jimmy Hines with his 68 was the nearest to home pro Ben Hogan's course record 67. The score also being shared by Sam Kerjos.

Paul Runyan, former two-time National PGA champion was another complaining of the putting. He sort of had good reason as he went for that fat 75 on the final round. He said he was hitting the greens well but that his putts of any distance just would not go down.

But then, Vines has always been able to do some pretty fair par busting. He could only collect 18 birdies in the three days, a little matter that just about drove Charlie Resnick out of his mind.

Ralph Blomquist, who holds a 59 course record at the Oakton at C.C., whipped out a nice three under par 33 on the first nine of the final round. He then blew the duke with a fat forty coming in to spoil the whole thing.

Dr. Alfred Strauss drove back from Chicago to play in the tourney with Bud Oakley of the Palos Verdes. The 70-year-old doctor arrived just in time and then decided to stay over for a week or so for a little golfing under less pressure.

Al Cardello made a big comeback as he played his final round with Frank Portney, Frank DeGoff and Dr. Chet Baldwin.

The play of many of the big names in the tournament proved to be far off the 1 m that has carried them into contention in many of the nation's top tournaments.

In addition to Quick, Hines, Blomquist and Runyan there were such as Willie Hunter of Riviera and Eric Monti of Hillcrest while such strong Southlanders as Fay Coleman of Brentwood, Harry Bassler of Fox Hills, Howard Schmidt of Red Hill and Babe Lazane of Bakersfield were not up to their tournament form either.

Vines was given some great help by his amateurs, Ted Keek, Bill Huntsman and Resnick to grab off the pro-amateur honors.

Eaton who finished tied with Runyan for second low pro, also had some swell help as he took the second place pro-amateur purse. His help came from Mick Gifford, Irving Cooper and J. Klammert.

It is seldom in these events that the low and amateur prove of much help to the pros, but in this instance Cooper came through with some much needed help at the right time.

Hines also had a scratch play in Johnny Dawson, both of Thunderbird club, but Jimmy was as hot as his clubmate on this occasion while George Cameron and H. Fisher couldn't carry the two of them.

Button to Speak at GOP Meeting Here on Monday

Ronald Button, past president of the California Republican Assembly, will talk to local Republicans at 8 p. m. Monday, in the Fiesta House on the Desert Inn grounds.

Button will discuss the purposes of the Assembly and its history. Open to Republicans of all ages, sexes, creeds and classes, it is the oldest volunteer party organization in the state. It has played an important part in encouraging highly qualified men and women to stand for public office and aided them in their elections.

The Palm Springs unit is sponsored by local Republican leaders and the public is invited to attend. Admission is free. Further information may be obtained by calling Melba Bennett, 2010.

Study Unification of School Districts

Palm Springs Unified school district will remain unchanged if a plan advocated by Dr. Ray W. Johnson, county school superintendent, is adopted. Johnson Monday urged the eventual consolidation of the county's 44 school districts into 10 or 12 unified districts.

Among these was the consolidation of the Beaumont and Banning districts. The county school head said the plan would reduce costs and increase efficiency.

ISLAND FEAST—Pictured above is the setting that will be converted into a lush tropical scene to be held at the Desert Air Hotel Saturday, May 2, starting at sundown.

Plans for Summer

Postcard poll of Palm Springs businessmen is being taken by the Chamber of Commerce on their plans for the Summer.

The check is being made to determine how many and which places plan to remain open all Summer.

South Pacific Feast Slated at Desert Air Hotel May 2

By DON CABALLERO

Stop eating. Go on a diet and save room for one big feast.

Then transport yourself in fancy across the blue waters of the Pacific to a spot where fragrant laden zephyrs caress the face like the feathery touch of an angel's kiss.

That will be the South Pacific Island feast to be staged at the Desert Air hotel Saturday, May 2, at sundown, with H. L. (Hank) Gogerty acting as host.

THE SETTING, around the pool of the hotel where one lands his airplane, takes a few steps in order to reach the office to register, will be decorated in lush tropical verdure.

And the fragrance to make it even more real will come from the fresh Plumeria leis, flown direct from the islands, to be given to each woman in attendance.

High School Pool Open in Summer

High school swimming pool will remain open again this Summer for the use of the public, with the Palm Springs Unified School district and the city sharing the cost, the school district board of trustees decided at their meeting Thursday evening.

Hours which the pool will be open are 2 to 6 p. m. and 7 to 9 p. m.

Admission for swimming will be 10 cents for children, 25 cents for youths 13 to 18 years of age, and 50 cents for adults.

The trustees also voted to continue the Summer recreation programs conducted Monday through Friday at Cahulla and Frances Stevens schools.

Use of Trailers as Permanent Houses Studied

Amendment of county ordinances governing trailers is being considered by the county planning commission and as a result, trailers may be allowed as permanent dwellings—under certain conditions.

The request came from owners of property in the Charlesworth tract, southwest of Cathedral City. Members of the planning commission recently made a trip to the site to look over the situation.

At present trailers are allowed only in trailer courts and trailer courts are allowed only under county permits in unincorporated territory. Under the amendments being considered, trailers will be allowed as permanent homes only if on a large lot for each one and water, sewer and other public utility connections are made.

Libott to Build San Jacinto Pool

M. H. Libott of Palm Springs, swimming pool contractor, has been awarded the contract to build the San Jacinto municipal pool. It will be located on a five-acre tract near the school. Libott's crews started work on the 32½ by 40 foot pool this week.

ARTHRITIS?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were stiff.

Limited space prohibits telling you more here but if you will write me I will reply at once and tell you how I received this wonderful relief.

Dr. Macartney to End 58 Years in Pulpit Next Sunday

Dr. John R. Macartney, active in church circles here for almost a score of years, will end his ministry in the desert area next Sunday morning at Palm Desert Community church.

It will close 58 years in the pulpit for the minister who served here 11 years before "retiring" a few years ago and then went to Palm Desert where he built a Community church from an outdoor setting to the present fully-equipped edifice with adequate room for expansion.

DR. AND MRS. MACARTNEY have been the honor guests at many functions in recent weeks as time drew near for their departure for their future home in Santa Barbara. The events were climaxed a week ago at a banquet at Shadow Mountain club. Claude Cobb was chairman of the committee on arrangements.

Palm Desert PTA Elects All-Male Slate of Officials

The Parent-Teacher association of the Palm Desert school has selected seven men to occupy executive board seats for 1953-54 school year, with Phil Kirkpatrick heading the group as president.

Announcement was made Thursday night at the April 16 P. T. A. meeting, at the school. Ewing Robertson nominating committee chairman, presented a slate of names prepared by the committee, to fill the officers chairs.

They were: Kirkpatrick, president; Gene Roberts, first vice president; Arthur Banta,

second vice president; Ewing Robertson, secretary; Sid Hunn Jr., treasurer; Ben Vallet, auditor and Arthur Cavanaugh, historian. Each man was contacted previously to determine whether or not they would accept these positions willingly.

Reuben Buck was nominated from the floor to run against Kirkpatrick for P.T.A. president, losing by the difference of eight votes.

Theft of a fender skirt valued at \$50 was reported to police Sunday by R. M. Sweet of Los Angeles.

LAST WEEKEND—Doodles and Skeeter, rollicking, pantomime comedians who have kept the crowds coming into Saddle and Siroin during their stay there most of the season, will present their final performance Saturday night. The two madcaps of comedy have promised to return again next season.

Comedy Quintet Hit at Chi Chi

The Kirby Stone Quintet now playing at the Chi Chi have their publicity pictures taken with a piano, but the piano is strictly incidental to their act, which is a rib-tickling combination of gags and comedy set to music.

From the one who spins his bass viol to the little fellow craving a hot sandwich, from "Cow Eyes" to Kirby Stone (he did an interrupted Al Jolson imitation), to the very talented piano (he can reach around behind his back and play as well as most musicians using the more orthodox method) it is a case of multiplying one comedian by five, and getting five times as much fun.

Opening the Chi Chi's new show is that talented danseuse with a sense of humor, Elissa Jaynes. A desert town club a pair of startlingly handsome comedians, Elissa a magnetism that draws applause from any audience.

Her acro-dances are smoothly executed and her Betty Davis act is nothing less than amazing.

Paul Gray, that suave and straight-faced comedian, sets as on fire for the show and dishes up his own brand of sophisticated foolery, that has proved very popular in night clubs all over the country.

SCHOOLS

high school, the average here is 18.6 compared to 25 for the state.

REGARDING SALARIES, Dr. Hoff said that an important factor in maintaining a good staff of teachers is to pay salaries adequate to compete with other communities in the state. Palm Springs has attempted to keep its salary schedule high enough to hold and attract competent teachers, he added.

Pointing out that school districts throughout the state are increasing salaries from \$300 to \$700 due to the shortage of elementary and high school teachers, he said that Palm Springs will need to maintain a bargaining balance.

ASSESSED VALUATION for the district this year is approximately \$44,000,000—three times the average for the state per pupil and exceeded only by Beverly Hills among southern California unified districts.

This means that in back of each high school child the assessed valuation of \$110,000 per pupil, for elementary school, \$40,000 per pupil, and all pupils \$28,000. Other comparable cities are: Beverly Hills \$33,000 per pupil, Carmel \$20,000, Trona \$8,000, and El Segundo \$13,000.

THE 1952-53 TAX RATE is \$1.335, Dr. Hoff said. Legal maximum for unified districts is \$1.65. During 1952-53 only one unified district in southern California had a lower tax rate—Beverly Hills with .72.

Results on a standardized achievement tests which are given annually indicate that pupils in the district are up to national and state standards.

A study was made of 31 Palm Springs high school graduates who entered college last year, and the results showed that these graduates achieved 11 per cent better than average in grade points.

Doodles, Skeeter Close Long Run

Ending the longest run of two entertainers at one night spot on record in Palm Springs, Doodles and Skeeter leave the Saddle and Siroin with their final performance Saturday night.

Their engagement lasted for 12 weeks with patrons returning again and again during that period to watch the mimics go through their performances.

"There is no doubt in the minds of many who have witnessed the two performers that they have drawn more patrons to see their show than any other night club entertainers in Palm Springs' history when it is considered that they played continuously at one night spot for three months."

Dave Lyons, owner of the establishment, announced that Doodles and Skeeter will open at the Saddle and Siroin in Studio City May 7, for an indefinite engagement.

"And those who have not had a chance to see these comics perform in Palm Springs will have the opportunity to do so when visiting Los Angeles in a visit to the Saddle and Siroin in nearby Studio City," said Lyons.

A study was made of 31 Palm Springs high school graduates who entered college last year, and the results showed that these graduates achieved 11 per cent better than average in grade points.

Fourth Annual Penn-Cornell Desert Safari Starts Friday

By MALCOLM LETTS
(Past-president, University of Pennsylvania Society, Southern California)

From the ivy-covered walls of Eastern institutions of learning to the palm-studded streets of pleasure-loving Palm Springs isn't too much of a jump, especially for the Ivy League grads from Penn and Cornell.

Which is merely another way of saying that the Fourth annual Pennsylvania-Cornell alumni safari to this desert oasis begins tomorrow when the former Quakers start checking in at Horace Heidt's Lone Palm hotel where St. Slocum awaits them, and the Cornellians set for receiving the welcome at The Rossmore from Eddie Davidson.

A THREE-DAY PROGRAM of events has been arranged for the old grads by Lloyd Simon, 383 Valmonte del Norte, a Penn man and general chairman and founder of the yearly outing. Pennsylvania alumni will be headed by Roy H. Jones, Pasadena sales executive and president of the Southern California Penn club, while Cornell's delegation will be led by Frederick E. Emmons Jr., Sherman Oaks architect.

The friendly relations existing between these two keen Ivy league rivals in the field of sports is possibly without parallel outside the Ivy group of schools. Although each club holds at least one private meeting during the year, all other events are staged jointly. On Thanksgiving eve, the Penn-Cornell alumni throughout the world gather to wish each other luck in the "big game" the following day. In southern California, not only is this tradition kept alive, but an annual field day is held between the two groups, with Columbia as an added starter, is held in Los Angeles each June. An occasional joint dinner dance and the annual Palm Springs safari rounds out the yearly social program of the two groups.

HERE IS THE PROGRAM for this weekend:

Carnation Corner

Now, there is a delicious way to drink your vitamins right in fresh, wonderful-tasting Carnation whole milk! It is Carnation MV Milk—a wonderful protective food for the whole family. Every quart brings the entire minimum daily vitamin requirement (more than the minimum for children) and an extra bonus of vitamins A, B₁, C and D!

HINTS FOR HUSBANDS
Those lawn chairs will be easy to carry (and you can hang them up too) if you'll screw an ordinary window sash lift to the side. Of course, don't attach it to a section that interferes with folding the chair.

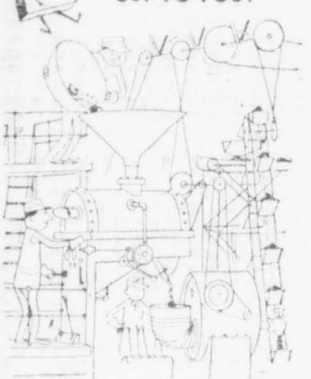

In delicious Carnation MV Milk, you also get the great nutrition of whole milk—yet it costs only a little more than a penny extra a quart.

We do not suggest Carnation MV Milk for cooking—heat destroys many vitamins. But as a drinking treat, it can't be beat! Especially served with...

Crunchy Cocoa Bars
(Makes 18 medium-size cookies)
1/2 cup butter
1 cup sugar
2 eggs
1 teaspoon vanilla
1/3 cup cocoa
2/3 cup sifted flour
1/4 teaspoon salt
2 cups crushed cornflakes
1/2 cup chopped nuts

Blend butter, sugar, eggs and vanilla until light and fluffy. Mix cocoa, flour, salt and cornflakes together; add to egg mixture. Stir in nuts; blend well. Place in buttered baking pan (9" x 9" x 2"). Bake in moderate oven (350° F.) about 25 minutes. Cool, top with powdered sugar; cut into squares before serving.

WHAT I GO THROUGH TO GET TO YOU!

Cocoa is a staple we take for granted—yet, the uniform high quality of our cocoa is a little miracle of modern processing! After picking, cleaning and drying, the cocoa beans are carefully roasted. They are hulled by special machines and a "nibber" breaks them into tiny bits. These are screened, then ground into a creamy liquor. A conching cylinder beats and churns the cocoa cream and it is run into molds to make cakes of chocolate. After part of the cocoa butter is removed, the rest of the cake is pulverized, and we have cocoa!

Milk Shakes at Home!

For a treat...shake up a tablespoon each of cocoa and sugar with 8 oz. Carnation MV Milk in a shaker or mason jar.

LOOK! IT BENDS!
Have you seen the new "bent straws" at your market? They are corrugated near one end so they will bend over the edge of a glass. Children love them—and there are fewer accidental spills.

Carnation MV Milk gives vitamin protection in a fine natural food, as doctors prefer. Look for the Carnation carton with the dark red oval on the front!

Photographic Echoes of a Successful Desert Circus

MILT — Sharing the co-chairmanship of the Desert Circus, with George Strebe, was Milt Hicks.

QUEEN'S FLOAT—Desert Circus Queen Bonita Granville rode on the beautiful El Mirador float in Saturday's parade. Palm branches, a golden throne and a replica of El Mirador's famed Tower of the Stars made an attractive setting for the Queen and won the Grand Trophy. The handsome float won much applause as it passed along the parade route.

GEORGE—Desert Circus of 1953 had two men sharing the chairmanship. George Strebe was one of them.

THE SHERIFF—Popular Ray Ryan, Texas oil man and El Mirador executive, served as Sheriff of the Desert Circus, heading the choicest collection of glamour deputies ever assembled.

With Hildy Crawford

A surrealist painting of Palm Springs . . . would be a fascinating one . . . Start with the towering mountains . . . and nestling palm trees . . . bright flowers and glittering pools . . . smart shops along Palm Canyon drive . . . a bathing beauty . . . a golfer and a tennis player . . . Chi Chi girl . . . the Saddle and Sirolo brand . . . El Mirador's Tower of the Stars . . . a Desert Circus hat . . . a Cadillac . . . a cocktail glass . . . a movie star in dark glasses . . . and of course, a camera . . .

It would be an exciting picture . . . in colors, bright from the paint tubes . . . with a splashy effect of Summer white to offset it . . . and a blue-white sky . . . Maybe it wouldn't be the kind of painting you'd want over the mantel . . . for year-around viewing . . . but, it would be something unique . . . and I'd like to see one . . .

Usually the play is the thing . . . but when the Palm Springs Playhouse staged its final play of the season Sunday evening . . . the audience took a part . . . paying tribute to the cast that has brought so much pleasure to Village theater lovers . . . There was a spontaneity about what happened that brought the Playhouse troupe and the Villagers closer together . . . Flowers were presented to Mary Foster and to June Brandel . . . who had parts in the Sunday night show . . . and then a big bouquet was brought forward for Helen Stenborg and Bernard Hughes . . . who were celebrating their third anniversary . . . Rex Hardy, who is serving as temporary chairman for the newly-formed Playhouse Guild . . . introduced his co-chairman Mrs. John Luccarelli . . . and Mrs. Austin McManus, who suggested the name for the Guild . . . On Monday night Mrs. McManus followed her custom of previous years . . . and entertained the members of the Playhouse company at an informal buffet . . . Herb Rogers and his company leave . . . knowing a warm welcome awaits them when they return next season . . .

Garden Party

The garden at the Harold McAllister home at 197 Camino Encanto . . . will be a gay scene on Saturday evening . . . as some 35 guests gather there for cocktails . . . The McAllisters have seen their cocktail hour as 6 to 8:30 p. m. . . and will host the same group at the Thunderbird luau afterwards . . . Among the guests will be the Bill Maloufs, Tom Flemings, Edwin Fallgrens, Monte Herberts, Bill Bannerman, Dan Dunlaps, Owen Churchills, John McClures, Dick Edwards and John Costellos . . .

About 50 friends are invited to the Panorama road home . . . of Mr. and Mrs. Fred Albertson . . . on the evening of April 29 . . . Dinner, served poolside, will honor . . . Mrs. Albertson's niece and her husband, Mr. and Mrs. Norris Swan of Hastings, Nebraska . . . The Swans arrive today . . .

A barbecue . . . swimming . . . and lots of fun . . . was on the program at the home of Col. Clinton and Dorothy Fox . . . as they entertained weekend guests . . . Mrs. H. D. Batterson and her mother Mrs. Mary Smith, of Los Angeles . . . and Mr. Arch Douglas of Van Nuys . . . Arriving Sunday to join the fun, were . . . Mr. and Mrs. Ross Sidebottom of Hermosa, Mr. and Mrs. George Bedell and daughter of Van Nuys . . . and Mary Pitts of Los Angeles . . .

Tuesday was the birthday of Mrs. Austin McManus . . . and her niece Marjorie Earline Stephens was here from LaJolla . . . just to say "hello" and wish her aunt a happy birthday . . . which reminds me . . . that handsome Oriental robe which Mrs. McManus was wearing at the Beaux

PLANTATION FANTASY—This scene from the "Plantation Fantasy" at the Dixie Ball at Shadow Mountain Club Saturday night is indicative of the merry entertainment. Pictured, from left, Howard Weller, Tom Brown (emcee), Irene Mathias, Cliff Henderson (interlocutor), Earl Obern, Henry Escher and Allen Willard.

Third Annual Dixie Ball at Shadow Mountain Club Termed Best of All

Shadow Mountain club's third annual "Dixie Ball" Saturday night was the best and most successful "fun" party in the club's five-year history . . .

A capacity house of club members and their guests were given a rare treat by outstanding performances by great talent headed by the inimitable Duncan Sisters who performed encore after encore to thunderous applause. Screen and television star Don DeFore and his charming wife Marion headed and led a community sing of nostalgic Southern songs. Gwen Earl, who appears regularly at the El Mirador hotel in Palm Springs, started the evening off with "songs of the deep south."

Genial Tom Brown, in black face, did a superb job as master of ceremonies.

One of the highlights of the evening's entertainment was the dancing of the Virginia Reelers of Palm Desert. The group participating in the dance was composed of Joe and Una Kirk, Wilbur and Cithia Bear, Ralph and Mary Caplinger, Floyd and Merle Mitchell, "Doc" and Ruth Hayes,

could have sold him tickets . . . he gave a check for three tickets . . .

The Owen Churchills will have Mrs. Fred Clamptett and Eastman Markell . . . as their guests at the Steak Dinner Party . . . at the Tennis club this evening . . .

Summer Plans

Lee Wendick, the charming white-haired woman who has been taking pictures . . . for Shadow Mountain, Thunderbird and Desert Air this season . . . is planning to spend the Summer in Germany . . . hiking around and taking color pictures . . . and writing short stories for American magazines . . . She will stay with her sister at the family home in Munich (over 100 years old, the house suffered from the bombings) . . . Lee, who used to be William Randolph Hearst's personal photographer, has Hearst's dachshund Helena . . . and had the 13-year-old dog with her when she came to see me this week . . . Incidentally, Lee has more energy than a lot of youngsters, half her age . . . Happy Summer, Lee . . .

Mr. and Mrs. Larry Stowers of Woodland Hills . . . who won a statuette in the Desert Circus parade . . . when they rode their matched pair of Palominos . . . were weekend guests of Mr. and Mrs. Harry Grimm of 258 San Jacinto drive . . .

Many Given Auxiliary's Welfare Aid

Fourteen Village families have received aid through the child welfare program of the Owen Coffman Unit 519, American Legion Auxiliary, Harriet Henderson, child welfare chairman, reported Tuesday evening when the Auxiliary observed National Child Welfare Week.

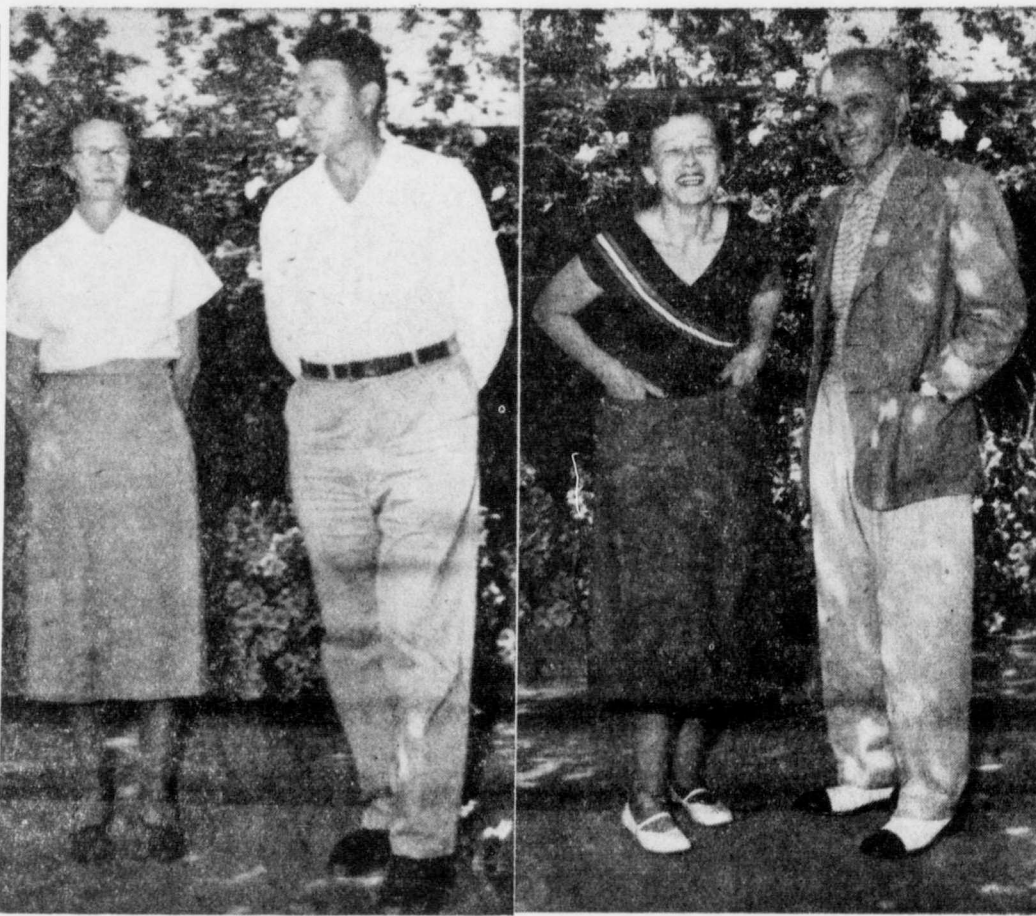

"The veteran's family is of prime interest in the child welfare program," Mrs. Henderson said.

The American Legion national executive committee directs the program, which is acknowledged as the largest voluntary child welfare organization in the world.

Needy families receive temporary assistance from the local unit and, if further aid is required, may get assistance from the state organization.

The child welfare program includes such things as emergency food orders when a veteran's check is late, milk orders to supplement meager allotments; medical assistance (on statement of the physician as much as \$100 may be allotted for a child's care); and at Christmas the child of a hospitalized veteran or one overseas, receives a gift from "Daddy" to keep the home circle complete in the child's mind.

Mrs. Christine Renier presided at the business session.

LOSE ONE, GAIN ONE—This week the Village lost a pair of good citizens when the George Zains, on right, left to look after business interests in Coral Gables, Florida. At the same time the Village gained two new residents, the M. P. Christinsens of Racine, Wisconsin, who bought the Zain home at 1480 Mesquite avenue. Mr. Christinsens is the president of Motorsearch and a foreign car enthusiastic.

Palm Desert Sunbeams

By EDITH EDDY WARD

The Winter season may be slowing down as far as volume of visitors are concerned, but there certainly is no slowing down in activity and things going on. Everyone is getting ready for the Summer season and more people than ever are planning to stay. The Dudley Steeles will be busy all Summer building their new home; Alice Smith is staying into June; Jack and Miriam Moyer will spend their second Summer in the desert, as will the Don Nielsons; Ottar Roen, who came here for two weeks a year ago and has never been home since, is staying on this Summer. Ottar, by the way, has originated a new remedy which he claims has helped his arthritis considerably and that is sand baths! He goes down below the village to the big sand dunes and has Al Peterson bury him in the sand up to his neck with an umbrella shading his face. He claims this type of sweat bath has helped his arthritis more than any steam bath or hot springs ever has. However, he warns anyone trying it during the heat of the Summer to always take someone along and not stay too long.

This month seems to be the month of double celebrations for some of our Palm Desert residents.

Last Friday was Ed and Bobbie Reichert's tenth wedding anniversary and Saturday was Ed's birthday. They celebrated at the club Friday night and the Todds played—of course—the Anniversary Waltz for them. Then on Saturday Bobbie invited 25 of their friends in for cocktails. They all ganged up and surprised Ed with a beautiful portable barbecue, which the Rudt Hackboms went down and opened their barbecue shop especially to get. After the cocktail party everyone went up to the club for the Dixie Ball and Ed said it was very nice of the Shadow Mountain club to stage the Dixie Ball on that night in celebration of his birthday.

Guests at the Reicherts' party included the Harrison Fishers, Dorothy Pierson, Tom and Margie Brown with their houseguests, Mr. and Mrs. Howard Weller, Alice Smith, June Crocker, her son, Jim and his wife; Joe Moon, Ottar Roen, the Al Petersons and Millie Mitchell, Rudd and Evelyn Hackborn, Ed Reichert's daughter and husband, Mr. and Mrs. Richard Charlton, Mrs. E. A. Stokdyke and Margaret (Bunny) Ward.

On the 29th and 30th of this month there will be another double celebration—Dorothy and Pete Pierson's wedding anniversary and Pete's birthday.

SHADOW MOUNTAIN ECHOES: The Cattle Queen of the Sierras, Millie Mitchell, was entertained last week by—guess who—no less than the King of California! Mr. and Mrs. R. N. Gibson, owners of the Gibson Wine company, who recently purchased the Bullock home in Palm Desert, gave a small dinner party which included Millie Mitchell, Lee Wenslick and the Gibson houseguests, Mr. and Mrs. Donald Johnson from Sacramento. Instead of serving beef (which would be no treat for Millie) they served Rainbow trout caught that day at White-water with what Mr. Gibson calls "sand hooks." He claims that is the only kind of hook to use for fishing in the desert. Hal Davis' friends will all be glad to hear that he and Peggy are coming down this weekend—which will be their first trip

Farrells Host Party for TV Figures

The Racquet club was the setting Saturday evening for a party hosted by Mr. and Mrs. Charles Farrell for a number of their friends who are connected with the TV industry.

Guests of honor were Mr. and Mrs. Milton Blow of New York. Mr. Blow is head of the Blow Agency.

Present were Mr. and Mrs. Desi Arnaz (Lucille Ball), Mr. and Mrs. Lee Bonnell (Gail Storm who co-stars with Mr. Farrell in "My Little Margie"), Mr. and Mrs. Don Hayden, Mr. and Mrs. Don Sharpe, Mr. Martin Leeds (vice president of Desilu Productions), Mary Morris and Ed Feldman who are with the Blow Agency here on the coast, Mr. and Mrs. Charles Pomerantz (Mr. Pomerantz handles public relations on the west coast for Philip Morris), and Mr. and Mrs. William Powell.

Mr. Powell has just returned to his Palm Springs home after completing work in his latest picture "How to Marry a Millionaire."

Planning Meeting

Riverside county planning commission, chairman Fulmer, presiding, held its semi-monthly meeting in the Cathedral City public library after making a preliminary survey of the building activities in the Charlesworth tract southwest of the community. There has been considerable agitation in that area during the past season in regard to trailers and their status as living quarters, in whole or in part, and a group was formed under the chairmanship of J. W. Lytle, retaining Attorney Hilton McCabe to draw up a proposed special zoning for the area involved.

A resolution was presented the planning commission asking for a special trailer or T zoning with a minimum lot area of 11,000

square feet; single family dwelling per lot; minimum building permitted 480 square feet, exclusive of any trailer cabana or other buildings, house to have complete sanitary facilities and connected to a septic tank as required by county regulations, side and rear yards with a 10-foot minimum; trailer to be permanently permitted on the property with permission to be used for sleeping quarters if so desired; trailer not to be affixed to the property and to be kept with tires inflated and of an all metal type as approved by the Trailer Association of America, and that trailer be not permitted on the property more than nine months of the year. About 50 were present at the hearing and there was considerable discussion on the various features of the resolution. Attorney McCabe

made the preliminary statement followed by Lytle. There was some opposition to several features. Chairman Fulmer asked for a vote on the requirement to remove the trailers from the property for at least three months per year. That provision did not receive a single vote. A few spoke against the 11,000 square feet per lot and there was some question about the side yard requirement.

Warner Moon spoke in favor of a straight R1 zoning as exists at present, on an interim basis, with such additional features as desired by the majority of the community, including additional lot area above the 6000 square feet minimum. He opposed using trailers on private land for cooking purposes. As there is now nothing in the restrictions of an R1 zone to bar storage of trailers, or prohibit their use as sleeping quarters, he stated his belief that nothing beyond an R1 zone is required.

The commission by vote decided to refer the matter to a special committee of the planning commission, who in connection with the county counsel would study the matter and present their findings to the commission. Also by vote the commission extended the interim R1 zoning for one year or until such time as a new zone is established by the board of supervisors. Cathedral City's member on the planning commission, L. C. Lewis, stated that this procedure will require public hearings by both the planning commission and the supervisors and also consultation with the planning commission of San Bernardino and Orange counties, as uniformity in zoning is desirable.

The commission was advised in its deliberations by Tyler Sues, county planning director, and his assistant Mr. Black.

Rates to Drop

Word was received last week from the Pacific Board of Fire

Underwriters that a considerable reduction in residential fire insurance rates had been accorded that part of Cathedral City included in the Cathedral Fire Protection District which extends from Date Palm drive on the east to Cathedral Canyon drive on the west. More than two years ago the chamber of commerce petitioned the county board of supervisors for the formation of a fire protection district. This was formed and a board of commissioners appointed by the supervisors consisting of L. C. Lewis, clerk, W. R. Hillery, Paul W. Clark, Emil Greener and Vernon Krings. Recommendations from the board of underwriters were received and taxes levied to fulfill the requirements. Principal provisions were: the installation of about 25 hydrants so placed that no structure would be more than 500 feet away, installation of one new six-inch main, provision for automatic controls on the pumps on both village wells, augmenting the volunteer fire department and a larger pumper which was supplied by the state division of forestry.

The state, in conjunction with the county, supplies and operates the equipment at our fire station. Local insurance agents point out that reductions in insurance rates do not automatically apply to existing policies, but will take effect on renewals. Present rate reductions apply to dwellings only. A re-rating of commercial buildings will be made as soon as the rating bureau can make a new survey.

Officers Installed

The lovely Starlight room at the El Mirador hotel was the setting last Wednesday for the installation of officers and the last meeting of the Cathedral City Woman's club calendar. Mrs. Ann Lay, past president of Riverside County Federation of Women's clubs and elective first vice president of the Southern District was the installing officer. Each officer as she was installed by Mrs. Lay was handed an appropriate gift from a small tree in the center of the table. Installed as executive officers were: president, Alphonse Larsson; first vice president, Margaret Davidson; second vice president, Inez Southerstone; recording secretary, Wilma Gordon; corresponding secretary, Agnes McClure; treasurer, Iva Mhoon; auditor, Bessie Kelley; parliamentarian, Leah Lewis. Following the installation the president appointed the following committee chairmen for the coming club year: Program, Margaret Davidson; ways and means, Marguerite Hillery; membership, Mildred Clark; hospitality, Agnes Gould and Mary Whitehouse; art, Eleanor McNamara; federation and citizenship, Agnes Wilbor; tea hostess, Gwen Mayfield; house, Lavina Krings; publicity and public relations, Mary Wolcott; radio, Mildred Clark and Mary Wolcott; historian, Laura Madison; youth, Hazel Ketchersid; Red Cross, Agnes Wilbor and Florence Powell; drama, Edna Cobb; style show, Laverle Ring and Marjorie Ballagh; civil defense, Florence Powell; chaplain, Marcia Hunter; reservations, Ted Forbes. The musical program was given by Prof. Vlado Kolitsch, violinist, accompanied by Buddy Room at the piano. His exquisite rendition of

McDowell's "To a Wild Rose" held his audience spellbound, and as many members said after the program "You could have heard a pin drop there was such complete silence." Prof. Kolitsch followed with selections from the Strauss Waltzes.

The president announced there would be a board meeting at her home the first Wednesday in May and asked all chairmen and officers to make a special effort to be present.

Lions to Elect

Cathedral City Lions will hold their annual election of officers at tonight's dinner meeting at the Town Hall. The slate as announced by the nominating committee is: for president, Francis Wood; first vice president, Carl Jackson; second vice president, Carl Mayfield; secretary, Larry Weingartner; treasurer, Ray Cook; Lion Tamer, Charles McClure; Tail Twister, Robert Cordes; directors, Charles Scherck and James Schultz. The speaker of the evening will be Tony Regalo, a former soldier in the Polish army, who will tell of his experiences as a POW in Siberia. He will be introduced by his friend Sam Arner.

Nuns on Visit

Fr. Leissler's sister, Agnes Miriam, and 10 nuns from her convent in Van Nuys visited St. Louis church last week. Lunch was served in the parish hall after the sisters toured the valley. It had been several years since Sister Agnes had visited in the valley and she and her companion nuns noticed many improvements about the parish grounds. The nuns staff St. Elizabeth school in the heart of Van Nuys. Over 600 pupils are enrolled in their classes.

Twenty-two ladies of St. Louis

Parish journeyed last Tuesday in a four-car caravan over the Palms to Pines highway to Hemet to attend a regional meeting of Catholic ladies. All of the women thoroughly enjoyed the trip and regretted that this will be the last meeting until October at which time a luncheon will be held in Beaumont. Fr. Cornelius Waldo, former senior chaplain at March Air Field and also wartime chaplain to the first squadron of P-38's to fight against the Japanese, gave a most interesting talk about his experiences in the war and his travels about the world.

Fr. Leissler was in San Diego the past week on his annual retreat, a time of prayer, meditation in which each priest in the Diocese participates once each year.

Church Picnic

The Community Church Sunday school is holding a picnic next Saturday at the park in Indio. Reverend Graham Hunter announced that cars will leave the church at 11 a. m. and that children under seven should be accompanied by an adult. He said that all "grown folks" were also cordially invited. There will be tennis and ball games and a wading pool for the small children.

A church officers dinner was held at the church last Thursday with some 50 present from this and surrounding communities. After the services next Sunday a meeting of the congregation will be held to complete the incorporation of the church. Rev. Hunter stated that Judge Eugene Theriault has kindly prepared

the necessary papers together with church member William L. Waters. Plans are going ahead as rapidly as possible for the new addition to be used for a Sunday school. It is hoped to have it completed for the Fall season Dr. Hunter said.

World's newest
V8

Big travelers, be seated!

THIS is an invitation to you who need and like room when you travel—and are wondering where to get it.

This is an invitation to take your ease in a sampling of the 1953 Buick SUPER Riviera Sedan.

Talk about room (and you will!)—here is the roomiest six-passenger sedan made in America.

Here you will find headroom, hiproom, legroom and kneeroom so generous—big people beam.

The tall, the portly—and the in-between—they can all spread out and stretch out, and really feel unfettered.

But the marvel of this Buick roominess is the wondrous ease of handling that goes with it.

The world's newest V8 Engine is one reason—an engine so compact it permits a chassis with short turning radius, wider front tread, easier steering, better balance.

Twin-Turbine Dynaflo* with its dazzling new getaway and silky smoothness is another. Power Steering* is still another.

And there's an AIRCONDITIONER,† too!

The thing to do, of course, is to visit us and try one of these great Buicks for room, for ride, for power—and for sheer comfort and pleasure. Why not make it soon?

*Standard on Roadmaster, optional at extra cost on other Series. †Optional at extra cost in Super and Roadmaster Sedan and Riviera models.

'Power of Faith' Topic Friday of Rabbi Lebowitz

"Power of Faith" will be the topic of Rabbi Arthur B. Lebowitz at the Sabbath Service tomorrow evening at 8:15 o'clock at Temple Isaiah. This topic has been requested by a number of the members of the congregation.

The temple choir under the direction of Harry Tomlinson with Christine Tomlinson at the organ will render the Sabbath music. Evelyn Spikre is the soloist.

Saturday morning services are held at 10 o'clock. Religious School classes commence at 10 o'clock on Sunday morning. A special program for the closing exercises of the Religious School, scheduled for May 10, is being prepared by the school faculty.

Youth Night to Feature Hymns

At the 11 o'clock service at Community church Sunday, Dr. James H. Blackstone Jr., pastor, will preach on the subject "Led by the Spirit of God." The church choir will sing "O How Amiable Are Thy Dwellings" by Barnaby. A nursery is conducted during the worship hour for the care of small children. Sunday Bible school commences at 9:30 a. m. with departments and classes of instruction for groups of all ages.

The Junior high and high school Christian Endeavor groups meet at 6 o'clock. In observance of Youth Night, the young people of the church will present a program of music and unusual stories about favorite hymns at the 7:30 evening service.

Warsaw Uprising Topic on Monday

Jewish Community Center will present its final lecture in this season's series Monday evening, at 8 o'clock in observance of the 10th Anniversary of the Warsaw Ghetto Uprising.

Shloime Hochberg, historian and orator, will address the meeting in Yiddish on that topic. He is the executive director of the Yiddish Scientific Institute (YIVO) on the Pacific coast.

A resume of the address will be given in English by Rabbi Arthur B. Lebowitz. Readings of poems dealing with this subject will be given by Jack Newman of Los Angeles. Songs of the Ghetto will be sung by a well-known artist.

Holy Land to be Subject Sunday at Cathedral City

"Job and the Desert" will be the topic of the sermon Sunday at 11 a. m. at Cathedral City Community church by Dr. Graham Hunter, pastor.

Dr. Graham Hunter has extensively toured the Holy Land and completed much research work there. He is an accepted authority on the topography of that area as a background for the Scriptures.

Bible school will convene at 9:40 a. m.

Annual picnic for Bible school and church members and friends is scheduled for Saturday at the city park in Indio. Automobiles will leave the church at 11 a. m. and return at 4:30 p. m. Ed Dering heads the committee in charge of recreation and games.

Plan Dedication of New Chapel Monday Evening

Dedication of the new Four-square chapel at 600 Vella road is scheduled for next Monday at 7:30 p. m. with Dr. Earl W. Dorrance, supervisor of Four-square churches in southern California as the main speaker. Representatives from all Four-square churches within a 50-mile radius are expected to attend.

The Rev. Jack B. Morrow, pastor, said that the cooperation of many Villagers made the new chapel possible.

On Sunday evening Dr. Dorrance will show motion pictures of his recent missionary tour of Central and South America.

Sneak Thieves Steal Large Sum in 5 Hotel Room Raids

Sneak thieves who entered the bedrooms of sleeping tenants at three Palm Springs hotels from Saturday through Monday made off with \$1050 in cash, a money clip valued at \$100, and a signed, endorsed blank check.

None of the five victims awakened until after the thief had departed.

Method of entry in all cases was the same—through an unlocked door. In three of the entries, the thief took the victim's pair of trousers outside before checking through them, and then left them along with the empty wallets. In the other two, he took the victim's purse and wallet outside before looting them.

Victims of the thefts and the amount taken was: A. A. Henry, Los Angeles, blank, signed, endorsed check carried for emergencies, O. C. Hyde of San Francisco, \$50, Muri Huntsman of Los Angeles, \$10 cash, money clip valued at \$100—all were guests at one hotel; Mario DiGrazia of San Francisco, \$700, and Miss Emily Smith of Pasadena, \$260.

Civic Leaders to Select Winners of Bank Awards

Six civic leaders of this area will meet today at Hotel the Oasis to pick four outstanding high school seniors from this zone as zone winners in Bank of America's annual statewide Achievement Awards program.

To make their selections, the panel of judges will interview some 35 students from Zone 4, which includes the high schools of Imperial and Riverside counties plus Chino, Colton, and Redlands high schools and Loma Linda academy. The four chosen will receive cash awards of between \$100 and \$1000 each when they are again interviewed May 21 at Pomona college, by a board of final judges. In competition with winners from all nine zones of southern California.

THE CIVIC LEADERS acting as zone judges today are: George H. Armacost, president of Redlands university, chairman; Mrs. Philip B. Lukei, president of Redlands Breakfast club; Miss Bernice Rhodes of Chino, Girl Scout commissioner; Fred C. Jennings, president of Riverside chamber of commerce; Howard K. Jackson, member of city council of Calexico, and Francis F. Crocker of Palm Springs, past president of the Desert Museum association.

Before the judging begins in the afternoon, the judges will meet at the hotel for luncheon, at which Fred G. Ingram, manager of Bank of America's Palm Springs branch, will be host.

THE STUDENTS who will be interviewed today have already won certificates of achievement and gold cups in their own schools under the Achievement Awards rules. They were selected to represent their schools by committees of teachers, who judged them on scholarship, leadership, and promise of future success and service to society.

Under the statewide program Bank of America will award a total of \$35,600 in cash and 5000 other awards of certificates and cups to outstanding seniors of public, private and parochial high schools.

Blythe Courthouse Plan Considered

Extension of the county's superior courts to include a courthouse at Blythe was under study of county planning commission today.

A bill for creation of a fourth superior court department at Indio is now before assembly committees at Sacramento. The Blythe court would extend the court system across the county to the eastern border.

Brush and Palm Trees Set Afire

Two fires Sunday evening, one causing damage to five palm trees at the intersection of Hermosa place and Prescott drive, were believed started intentionally by juveniles, police reported today.

The first fire call came at 8:50 p. m., at the intersection of South Palm Canyon drive and Riverside drive, where a brush fire was reported started by boys dumping gasoline and then starting it afire.

Twenty minutes later, the report of the palm tree fire came in, and police and fire department officers are investigating the possibility of the two fires being caused by the same persons.

HUB CAPS STOLEN
